### **From The Principal Desk**

We have great pleasure to handover the Academic Audit Report for Academic years 2014-15 to 2017-18; to the Academic Audit Report Evaluation Committee. The committee is requested to look in to every aspect which includes academic activities undertaken in the College, as well as all extra-curricular and co-curricular activities that shape the personality of students.

The Report provides us a plan to determine regular outline of the College's Teaching Learning methods. This process enables the College to improve the quality of teaching and learning process/ practices.

The various committees and associations are formed for smooth development of each and every aspect of education in an academic calendar year. The committee and associations are allocated specific work and are required to carry out preplanned Programmes. This schedule facilitates to plan actions and Programmes. A glimpse at the index illustrates the nature and scope of academic activities conducted in the college.

The academic audit panel enables the college to evaluate the activities and Programmes whether they are being carried out as planned, and whether the activities and Programmes of the college are efficiently and effectively serve the purpose of the college administration.

We have made every attempt to see that the requirements of various stakeholders such as students, alumni, parents, statutory, employees/ employers, society and the management are satisfied. The teaching and non- teaching staff make every effort to fulfill aspirations of students. I am confident that the exercise of academic audit will give precious suggestion and guidance to the college through the panel of various experts. We assure the Audit Committee that the suggestions made by the committee will be observed in action by executing the same.
